

“Dam Removal and restoration of recruitment areas in the Baltic Sea.”

Fish need essential recruitment habitat & access to these habitats

Swedish Anglers Association

- Non-profit organization
- About 50 employees
- Organizes >60 000 members
- Main goal:
Good fishing in clean waters
with healthy fish populations

We remove dams and build dams.

Migration obstacles

Restore wetlands & lakes

- Examples
- Overview of our work in recent years along the Baltic Coast

"The Mother of Pikefactories"
